Independent Auditor's Report	39

This financial report covers the Australasian Meat Industry Employees Union Victorian Branch as an individual entity. The financial report is presented in the Australian currency.

The Australasian Meat Industry Employees Union Victorian Branch is a registered trade union under the *Fair Work (Registered Organisations) Act 2009*. The purpose of the entity is to protect and improve conditions and entitlements for members. Its principle activities are the pursuit of the Objects of the Union's Rules.

The principal place of business is:

Australasian Meat Industry Employees Union Victorian Branch
Level 2, 62 Lygon Street
CARLTON VIC 3053

The financial report was authorised for issue by the Executive on behalf of the Committee of Management on 9 September 2020.

AUSTRALASIAN MEAT INDUSTRY EMPLOYEES UNION VICTORIAN BRANCH
ABN 73 073 704 742

OPERATING REPORT

Your Branch committee of Management present their report on the union for the financial year ended 30 June 2020.

Members of branch committee

There is an election every four years for Committee of Management members. The last election was held on 20 September 2017.

The names of the members of Committee of Management in office at any time during or since the end of the financial year are:

<u>Name</u>	<u>Position</u>	
Kathleen Haddock	President	
Daniel Gili	Vice President	
Paul Conway	Branch Secretary	
Gwynnyth Evans	Assistant Branch Secretary	
Vaughan Allen	Ordinary Member	
Gavan Bishop	Ordinary Member	
Adam Blyth	Ordinary Member	
Martha Bozan	Ordinary Member	Resigned 21 November 2019
Francis Brook	Ordinary Member	
William Budge	Ordinary Member	
Baden Collisson	Ordinary Member	
Stephen Conway	Ordinary Member	
Russell Dempster	Ordinary Member	
Kevin Earl	Ordinary Member	
Darrel Holgate	Ordinary Member	
Darren Jasper	Ordinary Member	
Jarrold Jones	Ordinary Member	
Benjamin LePoidevin	Ordinary Member	
Dione Pedrina	Ordinary Member	
Jason Peters	Ordinary Member	
Jason Piper	Ordinary Member	
Robert Slimmon	Ordinary Member	
Christopher Wialletton	Ordinary Member	
Jason Williamson	Ordinary Member	
Anthony Zaffiro	Ordinary Member	

The following persons are Branch Delegates to the Federal Council:

Paul Conway
Gwynnyth Evans
Jason Piper

The members of Branch Committee of Management have been in office since the start of the financial year to the date of this report unless otherwise stated.

AUSTRALASIAN MEAT INDUSTRY EMPLOYEES UNION VICTORIAN BRANCH
ABN 73 073 704 742

OPERATING REPORT (Continued)

Review of principal activities, the results of those activities and any significant changes in the nature of those activities during the year

The principal activity of the Branch is to uphold the rights of workers to organise in order to protect and improve their living standards and environment.

Full time branch officials provide direct support for the Branch members with regular workplace visits to hold meetings with members and resolving workplace issues as they arise. Representation is also provided through enterprise bargaining, representation at industrial tribunals and by participation in industrial relations and workplace safety policy forums. The Branch keeps members informed through periodical journals, newsletters, emails and topical information on social media, phone app and website.

No significant change in the nature of these activities occurred during the year.

Significant changes in financial affairs

No significant changes in the state of financial affairs of the Branch occurred during the financial year.

Union Details

Number of employees

As at 30 June 2020, the Branch has full time equivalent 9.5 (2019: 9.1) employees.

Number of members

As at 30 June 2020, the total number of members was 3,538 (2019: 3,852) members.

Right of members to resign

As per section 174 of the Fair Work (Registered Organisations) Act 2009, a member of an organisation may resign from membership by written notice addressed and delivered to a person designated for the purpose in the rules of the organisation or a branch of the organisation.

ABN 73 073 704 742

REPORT REQUIRED UNDER SUBSECTION 255(2A)
FOR YEAR ENDED 30 JUNE 2020

The Committee of Management presents the expenditure report as required under subsection 255(2A) of the *Fair Work (Registered Organisations) Act 2009* on the Reporting Unit for the year ended 30 June 2020.

	2020	2019
	\$	\$
Categories of expenditure		
Remuneration and other employment-related costs and expenses - employees	940,384	859,004
Advertising	-	-
Operating costs	203,419	286,132
Donations to political parties	-	-
Legal costs	14,545	139,095

Due to the specific requirements under subsection 255(2A) of the *Fair Work (Registered Organisations) Act 2009*, there will likely be some other costs incurred by the reporting unit which do not fall within the above categories. Accordingly the expenditure reported in this report may not represent 100% of the expenditure actually incurred by the reporting unit.

Signed in accordance with a resolution of the Executive on behalf of the Committee of Management:

Signature of designated officer: _____

Name of designated officer: Paul Conway

Title of designated officer: Branch Secretary

Dated: 9 September 2020

The above report should be read in conjunction with the accompanying notes.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

1: Summary of significant accounting policies

The principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

The financial statement covers the Australasian Meat Industry Employees Union Victorian Branch (The Branch).

(a) Basis of preparation

The financial statements are general purpose financial statements and have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that apply for the reporting period and the *Fair Work (Registered Organisations) Act 2009*. The Australasian Meat Industry Employees Union Victorian Branch (The Branch) is a not-for-profit entity for the purpose of preparing the financial statements.

The financial statements have been prepared on an accrual basis and in accordance with the historical cost, except for certain assets and liabilities measured at fair value, as explained in the accounting policies below. Historical cost is generally based on the fair values of the consideration given in exchange for assets. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position. The financial statements are presented in Australian dollars.

New and amended standards adopted by the Branch

The Branch adopts all the new and revised Standards and interpretation issued by the Australian Accounting Standards Board (AASB) that are relevant to the operations and effective for the current annual reporting period. The adoption of these standards has not had a material impact on the Branch.

Early adoption of standards

No accounting standard has been adopted earlier than the application date stated in the standard.

Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities (including derivative instruments) certain classes of property, plant and equipment and investment property – measured at fair value
- assets held for sale – measured at fair value less cost of disposal, and
- retirement benefit obligations – plan assets measured at fair value.

Critical accounting estimates

The preparation of financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Branch's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in note 2.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

1: Summary of significant accounting policies (Continued)

(b) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances, rebates and amounts collected on behalf of third parties.

The Branch recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the Branch's activities as described below. The Branch bases its estimates on historical results, taking into consideration the type of member, the type of transaction and the specifics of each arrangement.

Revenue is recognised for the major operating activities as follows:

Membership subscriptions

For membership subscription arrangements that meet the criteria to be contracts with customers, revenue is recognised when the promised goods or services transfer to the customer as a member of the entity.

If there is only one distinct membership service promised in the arrangement, the entity recognises revenue as the membership service is provided, which is typically based on the passage of time over the subscription period to reflect the entity's promise to stand ready to provide assistance and support to the member as required.

If there is more than one distinct good or service promised in the membership subscription, the entity allocates the transaction price to each performance obligation based on the relative standalone selling prices of each promised good or service. In performing this allocation, standalone selling prices are estimated if there is no observable evidence of the price that the entity charges for that good or service in a standalone sale. When a performance obligation is satisfied, which is either when the customer obtains control of the good (for example, books or clothing) or as the service transfers to the customer (for example, member services or training course), the entity recognises revenue at the amount of the transaction price that was allocated to that performance obligation.

For member subscriptions paid annually in advance, the entity has elected to apply the practical expedient to not adjust the transaction price for the effects of a significant financing component because the period from when the customer pays and the good or services will transfer to the customer will be one year or less.

When a member subsequently purchases additional goods or services from the entity at their standalone selling price, the entity accounts for those sales as a separate contract with a customer.

Interest income

Interest income is recognised using the effective interest method. When a receivable is impaired, the Branch reduces the carrying amount to its recoverable amount, being the estimated future cash flow discounted at the original effective interest rate of the instrument, and continues unwinding the discount as interest income.

Other revenue

Other revenue is recognised when the right to receive the revenue has been established.

All revenue is stated net of the amount of Goods and Services Tax (GST).

(c) Taxation

The Branch is exempt from income tax under section 50.1 of the Income Tax Assessment Act 1997 however still has obligation for Fringe Benefits Tax (FBT) and the Goods and Services Tax (GST).

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

1: Summary of significant accounting policies (Continued)

(d) Goods and Service Tax (GST)

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the Australian Taxation Office (ATO). In this case, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of expense.

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the balance sheet.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities, which are recoverable from, or payable to the ATO as classified as operating cash flow.

(e) Cash and cash equivalents

For the Statement of Cash Flows presentation purposes, cash and cash equivalents include cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the balance sheet.

(f) Inventories

Inventory, consisting mainly of movie tickets, gift cards and clothing, is measured at the lower of cost and net realisable value. Costs are assigned on the basis of weighted average costs. Net realisable value is the estimate of the selling price in the ordinary course of activities less the estimated costs of necessary to make the sale.

(g) Property, plant and equipment

Each class of property, plant and equipment is carried at historical cost less any accumulated depreciation and impairment. Historical cost includes expenditure that is directly attributable to the acquisition of items.

Property at Fair Value

The building is shown at the fair value (being the amount for which an asset could be exchanged between knowledgeable willing parties in an arm's length transaction), less subsequent depreciation for buildings and accumulated impairment losses. Revaluations are performed with sufficient frequency such that the carrying amount of assets do not differ materially from those that would be determined using fair values as at the reporting date.

Revaluation adjustments are made on a class basis. Any revaluation increment is credited to equity under the heading of asset revaluation reserve except to the extent that it reversed a previous revaluation decrement of the same class that was previously recognised in the surplus/deficit. Revaluation decrements for a class of assets are recognised directly in the profit or loss except to the extent that they reverse a previous revaluation increment for that class. Any accumulated depreciation as at the revaluation date is eliminated against the gross carrying amount of the asset and the asset is restated to the revalued amount.

Plant and equipment

Plant and equipment are measured on the cost basis less depreciation and impairment losses.

The carrying amount of plant and equipment is reviewed annually to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the assets employment and subsequent disposal. The expected net cash flows have been discounted to their present values in determining recoverable amounts.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

1: Summary of significant accounting policies (Continued)

(g) Property, plant and equipment (Continued)

Depreciation

The depreciable amount of all fixed assets including property, but excluding artworks, are depreciated on a straight line or diminishing value basis over their useful lives to the entity commencing from the time the asset is held ready for use.

Class of fixed asset	Depreciation rate	Depreciation basis
Plant and equipment	10 – 37.5%	Diminishing value
Property	2.5%	Straight line

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

(h) Intangible assets

Software

Software is measured at cost less accumulated amortisation and impairment losses.

Software is amortised on a straight line basis over the useful life to the entity commencing from the time the asset is available for use. The amortisation rate used for software is 10%. The software's fair value and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date. The carrying amount of software is reviewed annually to ensure it is not in excess of the fair value of the asset.

(i) Financial assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, and subsequently measured at amortised cost, fair value through other comprehensive income (OCI), or fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Branch's business model for managing them. With the exception of trade receivables that do not contain a significant financing component, the Branch initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest' (SPPI) on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Branch's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that Branch commits to purchase or sell the asset.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

1: Summary of significant accounting policies (Continued)

(i) Financial assets (Continued)

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in five categories:

- (Other) financial assets at amortised cost
- (Other) financial assets at fair value through other comprehensive income
- Investments in equity instruments designated at fair value through other comprehensive income
- (Other) financial assets at fair value through profit or loss
- (Other) financial assets designated at fair value through profit or loss

The Branch only has the following financial assets: Financial assets at amortised cost

Financial assets at amortised cost

The Branch measures financial assets at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Financial assets at amortised cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

The Branch's financial assets at amortised cost includes trade receivables.

Derecognition

A financial asset is derecognised when:

- The rights to receive cash flows from the asset have expired or
- The Branch has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either:
 - a) the Branch has transferred substantially all the risks and rewards of the asset, or
 - b) the Branch has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Branch has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership.

When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Branch continues to recognise the transferred asset to the extent of its continuing involvement together with associated liability.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

1: Summary of significant accounting policies (Continued)

(i) Financial assets (Continued)

Offsetting

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Impairment

(i) Trade receivables

For trade receivables that do not have a significant financing component, the Branch applies a simplified approach in calculating expected credit losses (ECLs) which requires lifetime expected credit losses to be recognised from initial recognition of the receivables.

Therefore, the Branch does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Branch has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

(ii) Debt instruments other than trade receivables

For all debt instruments other than trade receivables and debt instruments not held at fair value through profit or loss, the Branch recognises an allowance for expected credit losses using the general approach. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Branch expects to receive, discounted at an approximation of the original effective interest rate.

ECLs are recognised in two stages:

- Where there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses from possible default events within the next 12-months (a 12-month ECL).
- Where there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the debt, irrespective of the timing of the default (a lifetime ECL).

The Branch considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Branch may also consider a financial asset to be in default when internal or external information indicates that the Branch is unlikely to receive the outstanding contractual amounts in full. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

(j) Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, at amortised cost unless or at fair value through profit or loss. All financial liabilities are recognised initially at fair value and, in the case of financial liabilities at amortised cost, net of directly attributable transaction costs.

The Branch's financial liabilities include trade and other payables.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

1: Summary of significant accounting policies (Continued)

(j) Financial liabilities (Continued)

Financial liabilities at amortised cost

After initial recognition, trade payables and interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in profit or loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in profit or loss.

(k) Contingent liabilities and contingent assets

Contingent liabilities and contingent assets are not recognised in the statement of financial position but are reported in the relevant notes. They may arise from uncertainty as to the existence of a liability or asset or represent an existing liability or asset in respect of which the amount cannot be reliably measured. Contingent assets are disclosed when settlement is probable but not virtually certain, and contingent liabilities are disclosed when settlement is greater than remote.

(l) Fair value measurement

The Branch measures financial instruments, such as, financial assets as at fair value through the profit and loss, financial assets at fair value through OCI, and non-financial assets such as land and buildings and investment properties, at fair value at each balance sheet date. Also, fair values of financial instruments measured at amortised cost are disclosed in the Note.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Branch. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Branch uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

1: Summary of significant accounting policies (Continued)

(l) Fair value measurement (Continued)

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1—Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2—Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3—Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Branch determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as land and buildings and investment properties. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. For the purpose of fair value disclosures, the Branch has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy.

(m) Employee benefits

Provision is made for benefits accruing to employees in respect of annual leave, RDO, sick leave and long service leave when it is probable that settlement will be required and they are capable of being measured reliably.

Short-term obligations

Short term employee benefits are those benefits that are expected to be settled within 12 months, and are measured at their nominal values using the remuneration rate expected to apply at the time of settlement. They include RDO, annual leave, sick leave and long service leave that are expected to be settled within 12 months.

Other long-term employee benefit obligations

Long term employee benefits are those benefits that are not expected to be settled within 12 months, and are measured at the present value of the estimated future cash outflows to be made by the entity in respect to services provided by employees up to the reporting date. They include long service leave not expected to be settled within 12 months. The present value of long term employee benefits is calculated in accordance with AASB 119: Employee Benefits. Long term employee benefits are measured at the present value of expected future payments to be made in respect of services provided by employees up to the reporting date. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using interest rates on national Government guaranteed securities with terms to maturity that match, as closely as possible, the estimate future cash outflows.

Classification of employee benefits as current and non-current liabilities

Employee benefit provisions are reported as current liabilities where the entity does not have an unconditional right to defer settlement for at least 12 months. Employee benefit provisions that are reported as non-current liabilities include long term benefits that do not qualify for recognition as a current liability, and are measured at present value.

Superannuation

Contributions are made by the entity to an employee superannuation fund and are charged as expenses when incurred.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

1: Summary of significant accounting policies (Continued)

(n) Functional and presentation currency

Items included in the financial report are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial report is presented in Australian dollars, which is the Branch's functional and presentation currency.

(o) Comparative figures

When a change in accounting policy is applied retrospectively in accordance with Australian Accounting Standards, we have adjusted the opening balance of each affected component of equity for the earliest prior period presented and the other comparative amounts disclosed for each prior period presented as if the new accounting policy had always been applied. Certain amounts in the comparative information have been reclassified to conform with current period financial statement presentations

(p) New accounting standards and interpretations

In the current year, the entity has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that are relevant to their operation and effective for the accounting period that begins on or after 1 January 2019.

New and revised Standards and amendments thereof and Interpretations effective for the current year that are relevant to the entity include:

<i>Standard</i>	<i>Effective for annual reporting periods beginning on or after</i>
AASB 1058 Income of Not-for-Profit Entities	1 January 2019
AASB 15 Revenue from Contracts with Customers	1 January 2019
AASB 16 Leases	1 January 2019

AASB 15 Revenue from Contracts with Customers supersedes AASB 111 Construction Contracts, AASB 118 Revenue and related Interpretations and it applies, with limited exceptions, to all revenue arising from contracts with its customers.

AASB 15 establishes a five-step model to account for revenue arising from contracts with customers and requires that revenue be recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. AASB 15 also includes implementation guidance to assist not-for-profit entities to determine whether particular transactions, or components thereof, are contracts with customers. If a transaction is outside the scope of AASB 15, the recognition and measurement of income arising from the transaction may instead be specified by another Standard, for example AASB 1058 Income of Not-for-Profit Entities.

AASB 1058 replaces the income recognition requirements in AASB 1004 Contributions that had previously applied to the Branch. AASB 1058 provides a more comprehensive model for accounting for income of not-for-profit entities and specifies that:

- the timing of revenue or income recognition will depend on whether a performance obligation is identified or a liability is recognised;
- not-for-profit lessees can elect to recognise assets, including leases provided at significantly less than fair value, at their fair value; and
- all not-for-profit entities can elect to recognise volunteer services at fair value if the fair value of those services can be reliably measured.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

1: Summary of significant accounting policies (Continued)

(p) New accounting standards and interpretations (Continued)

AASB 16 Leases supersedes AASB 117 Leases, Interpretation 4 Determining whether an Arrangement contains a Lease, Interpretation 115 Operating Leases—Incentives and Interpretation 127 Evaluating the Substance of Transactions Involving the Legal Form of a Lease. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to recognise most leases on the balance sheet.

The Branch adopted AASB 15, AASB16 and AASB 1058 using the modified retrospective method of adoption, with the date of initial application of 1 July 2019. In accordance with the transition approach, the Branch recognised the cumulative effect of applying these new standards as an adjustment to opening retained earnings at the date of initial application, i.e., 1 July 2019. Consequently, the comparative information presented has not been restated and continues to be reported under the previous standards on revenue and income recognition. In addition, the Branch has applied the practical expedient and elected to apply these standards retrospectively only to contracts and transactions that were not completed contracts at the date of initial application, i.e., as at 1 July 2019.

The adoption of AASB 15, AASB16 and AASB 1058 did not have a material impact on the Branch's financial statements

(q) Future accounting standards and interpretations

Certain new accounting standards and interpretations have been published that are not mandatory for 30 June 2020 reporting periods. The entity's assessment of the impact of these new standards and interpretations is set out below.

Title of Standard	AASB 2017-6 Amendments to Australian Accounting Standards – Prepayment Features with Negative Compensation
Nature of change	The amendments to AASB 9 clarify that a financial asset passes the solely payments of principal and interest criterion regardless of the event or circumstance that causes the early termination of the contract and irrespective of which party pays or receives reasonable compensation for the early termination of the contract. When this standard is first adopted, there will be no material impact on the transactions and balances recognised in the financial statements.
Application date	The amendments apply retrospectively and are effective from 1 January 2020, with earlier application permitted.

There are no other standards that are not yet effective and that are expected to have a material impact on the entity in the current or future reporting periods and on foreseeable future transactions.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

2: Critical Accounting Estimates and Judgements

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Branch and that are believed to be reasonable under the circumstances.

(a) Critical accounting estimates and assumptions

The Branch makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. None of the estimates and assumptions are expected to have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

(b) Critical judgments in applying the branch's accounting policies

Employee entitlements

Management judgement is applied in determining the following key assumptions used in the calculation of long service leave at balance date:

- future increases in wages and salaries
- future on-cost rates; and
- experience of employee departures and period of service

Useful lives of depreciable assets

Management reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical obsolescence that may change the utility of certain software and IT equipment.

3: Section 272 Fair Work (Registered Organisations) Act 2009

In accordance with the requirements of the *Fair Work (Registered Organisations) Act 2009* the attention of members is drawn to the provisions of subsection (1) to (3) of sections 272, which read as follows:

Information to be provided to members or Commissioner:

- (1) a member of a reporting unit, or the Commissioner, may apply to the reporting unit for specified prescribed information in relation to the reporting unit to be made available to the person making the application.
- (2) the application must be in writing and must specify the period within which, and the manner in which, the information is to be made available. The period must not be less than 14 days after the application is given to the reporting unit.
- (3) a reporting unit must comply with an application made under subsection (1).

Less: loss allowance	iv	<u>(15,000)</u>	<u>-</u>
		<u>68,606</u>	<u>208,565</u>

(i) Classification as trade and other receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. Loans and other receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. If collection of the amounts is expected in one year or less they are classified as current assets. If not, they are presented as non-current assets. Trade receivables are generally due for settlement within 30 days and therefore are all classified as current. The entity's impairment and other accounting policies for trade and other receivables are outlined in note 1.

(ii) Fair values of trade and other receivables

Due to the short-term nature of the current receivables, their carrying amount is assumed to be the same as their fair value.

(iii) During the 2017 financial year, the Branch agreed to provide a loan to the Australasian Meat Industry Employees Union SA / WA Branch on a non-commercial arm's length basis. Repayment terms are set out in the loan agreement which states repayment must be made within 4 years. There is no interest charged or security provided on this loan.

(iv) Movements in the loss allowance

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

18: Employee benefit obligations

(a) Leave obligations

The leave obligations cover the Branch's liability for long service leave and annual leave. The current portion of this liability includes all of the accrued annual leave, the unconditional entitlements to long service leave where employees have completed the required period of service and also those where employees are entitled to pro-rata payments in certain circumstances. The entire amount of the provision is presented as current, since the Branch does not have an unconditional right to defer settlement for any of these obligations.

(b) Movement of provisions – employee benefits

	Current	Non-current	Total
	\$	\$	\$
Balance at 1 July 2018	249,792	8,108	257,900
Charged to income statement	<u>(14,071)</u>	<u>9,153</u>	<u>(4,918)</u>
Balance at 30 June 2019	235,721	17,261	252,982
Charged to income statement	<u>22,821</u>	<u>343</u>	<u>23,164</u>
Balance at 30 June 2020	<u>258,542</u>	<u>17,604</u>	<u>276,146</u>

19: Reserve

		2020	2019
		\$	\$
Asset revaluation reserve	a	811,394	731,644
Fighting fund reserve	b	58,841	-
		<u>870,235</u>	<u>731,644</u>

(a) Asset revaluation reserve

Balance 1 July	731,644	438,894
Revaluation of land and building	<u>79,750</u>	<u>292,750</u>
Balance 30 June	<u>811,394</u>	<u>731,644</u>

The asset revaluation reserve records revaluation increments and decrements (that do not represent impairment write-downs) that relates to the Branch's property disclosed in Note 14.

(b) Fighting fund reserve

Balance 1 July	-	-
Transfer from accumulated surplus	<u>58,841</u>	<u>-</u>
Balance 30 June	<u>58,841</u>	<u>-</u>

The fighting reserve records amount put aside for future campaigns.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

20: Accumulated surplus

	2020 \$	2019 \$ Restated *
Movements in the accumulated surplus were as follows:		
Balance 1 July	778,944	876,408
Correction of errors	48,278	-
Net (deficit) for the year	42,257	(49,186)
Transfer to fighting fund	(58,841)	-
Balance 30 June	<u>810,638</u>	<u>827,222</u>

There has been no fund or account operated and no monies invested in any assets in respect of compulsory levies raised by the reporting unit or voluntary contributions collected from members of the reporting unit. There has been no fund or account operated (other than the general fund and asset revaluation reserve), the operation of which is required by the rules of the organisation. There have been no transfers to or withdrawals to a fund, account or controlled entity, where any of these are kept for a specific purpose(s) by the reporting unit.

* - see note 24 for details regarding the restatement as a result of an error.

21: Events occurring after the reporting period

As a result of the evolving nature of the COVID-19 outbreak and the rapidly evolving government policies of restrictive measures put in place to contain it, as at the date of these financial statements, the Branch is not in a position to reasonably estimate the financial effects of the COVID-19 outbreak on the future financial performance and financial position of the Branch. Other than the current disclosures, there has not been any other matter or circumstance occurring subsequent to the end of the financial year that has significantly affected, or may significantly affect, the operations of the Branch, the results of those operations, or the state of affairs of the Branch in subsequent financial periods.

22. Auditor's remuneration

During the year the following fees were paid or payable for services provided by the auditor and non-related audit firms:

	2020 \$	2019 \$
(a) Audit and other assurance services

Decrease (Increase) in receivables	118,847	(92,819)
Decrease (Increase) in inventories	1,025	(1,559)
(Decrease) Increase in payables	(84,270)	(18,356)
Increase (Decrease) in provisions	23,164	(4,918)
Cash flows from operations	<u>149,160</u>	<u>(137,450)</u>

(d) Liabilities from Financing Activities

The Branch does not have any liabilities from financing activities

* - see note 24 for details regarding the restatement as a result of an error.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

24. Correction of errors

Two errors were discovered in the financial report for the year ended 30 June 2019:

1. Capitation fees paid were incorrectly calculated resulting in an overstatement of expenses of \$48,272 and a corresponding overstatement of accounts payable
2. Term deposit totalling \$500,000 which were not due to mature within 12 months were incorrectly classified as current assets instead of non-current assets resulting in an understatement of non-current assets and a corresponding overstatement of current assets. This had no effect on the profit and loss for the year.

These errors have been corrected by restating each of the relevant financial statement line items for the prior periods as follows:

	30 June 2019	Increase (Decrease)	30 June 2019 (restated)
	\$	\$	\$
Balance Sheet (extract)			
Cash & Cash equivalents – current assets	846,654	(500,000)	346,654

27: Other information

(i) Going Concern

The Branch's ability to continue as a going concern is not reliant on financial support from another reporting unit.

(ii) Financial Support

No financial support has been provided to another reporting unit to ensure that it continues as a going concern.

(iii) Acquisition of assets and or liabilities that do not constitute a business combination:

The Branch did not acquire an asset or liability due to an amalgamation under Part 2 of Chapter 3 of the RO Act, a restructure of the branches of the organisation, a determination or revocation by the General Manager of the Fair Work Commission under subsections 245(1) or 249(1) of the RO Act.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

28: Financial Risk Management

The Branch's financial instruments consist mainly of deposits with banks, receivables, payables.

The carrying amounts for each category of financial instruments, measured in accordance with AASB 9 as detailed in the accounting policies to these financial statements, are as follows:

	Note	2020 \$	2019 \$
Financial assets			
Cash on hand	9	495,464	346,654
Trade and other receivables	10	68,606	208,565
Other financial assets	13	500,000	500,000
Total financial assets		1,064,070	1,055,219
Financial liabilities			
Trade and other payables	16	73,910	101,300
Total financial liabilities		73,910	101,300

Financial Risk Management Policies

The committee of management is responsible for monitoring and managing the Branch's compliance with its risk management strategy. The committee's overall risk management strategy is to assist the Branch in meeting its financial targets while minimising potential adverse effects on financial performance. Risk management policies are approved and reviewed by the committee on a regular basis. These include credit risk policies and future cash flow requirements.

Specific Financial Risk Exposures and Management

The main risks the Branch is exposed to through its financial instruments are credit risk, liquidity risk and market risk relating to interest rate risk and other price risk.

There have been no substantive changes in the types of risks the Branch is exposed to, how these risks arise, or the committee's objectives, policies and processes for managing or measuring the risks from the previous period.

a. Credit risk

Exposure to credit risk relating to financial assets arises from the potential non-performance by counterparties of contract obligations that could lead to a financial loss for the Branch.

The Branch does not have any material credit risk exposures as its major source of revenue is the receipt of membership subscription. Risk is also minimised through investing surplus funds in financial institutions that maintain a high credit rating or in entities that the committee has otherwise assessed as being financially sound.

Credit risk exposures

The maximum exposure to credit risk by class of recognised financial assets at the end of the reporting period is equivalent to the carrying value and classification of those financial assets (net of any provisions) as presented in the statement of financial position.

There is no collateral held by the entity securing accounts receivable and other debtors.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

28: Financial Risk Management (Continued)

Credit Risk – Accounts receivable and other debtors

The entity has no significant concentration of credit risk with respect to any single counterparty or group of counterparties other than those receivables specifically provided for and mentioned within Note to account. The main source of credit risk to the entity is considered to relate to the class of assets described as "accounts receivable and other debtors".

The following table details the entity's accounts receivable and other debtors exposed to credit risk (prior to collateral and other credit enhancements) with ageing analysis and impairment provided for thereon. Amounts are considered as "past due" when the debt has not been settled within the terms and conditions agreed between the entity and the customer or counterparty to the transaction. Receivables that are past due are assessed for impairment by ascertaining solvency of the debtors and are provided for where there are specific circumstances indicating that the debt may not be fully repaid to the entity. The balances of receivables that remain within initial trade terms (as detailed in the table below) are considered to be of high credit quality.

	Gross amount	Past due and impaired	Past due but not impaired (Days Overdue)				Within initial trade terms
			< 30	31-60	61-90	>90	
2020	\$	\$	\$	\$	\$	\$	\$
Other receivable	68,606	-	-	-	-	-	68,606
Loan	15,000	15,000	-	-	-	-	-
Total	83,606	15,000	-	-	-	-	68,606
2019							
Other receivable	193,565	-	-	-	-	-	193,565
Loan	15,000	-	-	-	-	-	15,000
Total	208,565	-	-	-	-	-	208,565

Credit risk related to balances with banks and other financial institutions is managed by the branch committee in accordance with approved policy. Such policy requires that surplus funds are only invested with counterparties with a Standard & Poor's rating of at least BBB.

The following table provides information regarding the credit risk relating to cash and money market securities based on Standard & Poor's counterparty credit ratings.

	Note	2020 \$	2019 \$
Cash at banks			
- AA- rated	9	493,464	344,654
- AA- rated	13	500,000	500,000
		993,464	844,654

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

28: Financial Risk Management (Continued)

Specific Financial Risk Exposures and Management (Continued)

b. Liquidity risk

Liquidity risk arises from the possibility that the Branch might encounter difficulty in settling its debts or otherwise meeting its obligations in relation to financial liabilities. The Branch manages this risk through the following mechanisms:

- preparing forward-looking cash flow analysis in relation to its operational, investing and financing activities;
- maintaining a reputable credit profile;
- managing credit risk related to financial assets;
- only investing surplus cash with major financial institutions; and
- proactively monitoring the recovery of unpaid subscriptions.

The table below reflects an undiscounted contractual maturity analysis for non-derivative financial liabilities. The Branch does not hold directly any derivative financial liabilities.

Cash flows realised from financial assets reflect management's expectation as to the timing of realisation. Actual timing may therefore differ from that disclosed. The timing of cash flows presented in the table to settle financial liabilities reflects the earliest contractual settlement dates.

Financial liability and financial asset maturity analysis

	Within 1 Year		1 to 5 Years		Over 5 Years		Total	
	2020	2019	2020	2019	2020	2019	2020	2019

Other financial assets	-	-	500,000	500,000	-	-	500,000	500,000
Total anticipated inflows	564,070	555,219	500,000	500,000	-	-	1,064,070	1,055,219
Net inflow on financial instruments	490,160	453,919	500,000	500,000	-	-	990,160	953,919

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

28: Financial Risk Management (Continued)

Specific Financial Risk Exposures and Management (Continued)

c. Market risk

(i) *Interest rate risk*

Exposure to interest rate risk arises on financial assets and financial liabilities recognised at the end of the reporting period whereby a future change in interest rates will affect future cash flows or the fair value of fixed rate financial instruments. The Branch is also exposed to earnings volatility on floating rate instruments.

The financial instruments that expose the Branch to interest rate risk are limited to fixed interest securities, cash on hand.

Interest rate risk is managed using a mix of fixed and floating rate debt.

The Branch also manages interest rate risk by ensuring that, whenever possible, payables are paid within any pre-agreed credit terms.

(ii) *Other price risk*

Other price risk relates to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) of securities held. The Branch does not expose to other price risk.

Sensitivity analysis

The following table illustrates sensitivities to the Branch's exposures to changes in interest rates and equity prices. The table indicates the impact on how profit and equity values reported at the end of the reporting period would have been affected by changes in the relevant risk variable that management considers to be reasonably possible. These sensitivities assume that the movement in a particular variable is independent of other variables

	Profit		Equity	
	2020	2019	2020	2019
	\$	\$	\$	\$
Change 0.5% in interest rates	<u>4,967</u>	<u>4,233</u>	<u>4,967</u>	<u>4,233</u>

No sensitivity analysis has been performed on foreign exchange risk as the Branch has no material exposures to currency risk. There have been no changes in any of the assumptions used to prepare the above sensitivity analysis from the prior year.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

29: Fair Value Measurements

(a) Financial assets and liabilities

Management of the entity assessed that cash, trade receivables, trade payables, and other current liabilities approximate their carrying amounts largely due to the short term maturities of these instruments.

The fair value of financial assets and liabilities is included at the amount which the instrument could be exchanged in a current transaction between willing parties. The following methods and assumptions were used to estimate the fair values:

- Fair values of the Branch's interest-bearing borrowings and loans are determined by using a discounted cash flow method. The discount rate used reflects the issuer's borrowing rate as at the end of the reporting period. The own performance risk as at 30 June 2020 was assessed to be insignificant
- Fair value of available-for-sale financial assets is derived from quoted market prices in active markets
- Long-term fixed-rate and variable-rate receivables/borrowings are evaluated by the entity based on parameters such as interest rates and individual credit worthiness of the customer. Based on this evaluation, allowances are taken into account for the expected losses of these receivables. As at 30 June 2020 the carrying amounts of such receivables, net of allowances, were not materially different from their calculated fair values.

The following table contains the carrying amounts and related fair values for the entity's financial assets and liabilities:

	Note	2020		2019	
		Carrying Amount	Fair Value	Carrying Amount	Fair Value
		\$	\$	\$	\$
Financial assets					
Cash on hand	(i)	495,464	495,464	346,654	346,654
Trade and other receivables	(i)	68,606	68,606	208,565	208,565
Other financial assets	(i)	500,000	500,000	500,000	500,000
Total financial assets		1,064,070	1,064,070	1,055,219	1,055,219
Financial liabilities					
Trade and other payables	(i)	73,910	73,910	101,300	101,300
Total financial liabilities		73,910	73,910	101,300	101,300

- (i) Cash on hand, accounts receivable and other debtors, and accounts payable and other payables are short-term instruments in nature whose carrying amount is equivalent to fair value. Accounts payable and other payables exclude amounts relating to the provision for annual leave, which is outside the scope of AASB 9.

NOTES TO THE FINANCIAL STATEMENTS
 FOR THE YEAR ENDED 30 JUNE 2020

29: Fair Value Measurements (Continued)

(b) Non-financial Assets and Liabilities Fair Value Hierarchy

The following tables provide an analysis of non-financial assets and liabilities that are measured at fair value, by fair value hierarchy.

	Note	Level 1 \$	Level 2 \$	Level 3 \$	Total \$
2020					
Non-financial assets					
Land and building		-	850,000	-	850,000
Total non-financial assets recognised at fair value		-	850,000	-	850,000
	Note	Level 1 \$	Level 2 \$	Level 3 \$	Total \$
2019					
Non-financial assets					
Land and building		-	790,000	-	790,000
Total non-financial assets recognised at fair value		-	790,000	-	790,000

Fair value of the branch's land and building is estimated based on appraisals performed by independent, professionally-qualified property valuers. The significant inputs and assumptions are developed in close consultation with management. The valuation processes and fair value changes are reviewed by the Branch Committee at each reporting date

There were no transfers between Levels 1 and 2 for assets measured at fair value on a recurring basis during the reporting period (2019: \$NIL).

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

29: Fair Value Measurements (Continued)

(c) Disclosed fair value measurements

The following assets and liabilities are not measured at fair value in the balance sheet but their fair values are disclosed in the notes:

- accounts receivable and other debtors;
- accounts payable and other payables

The following table provides the level of the fair value hierarchy within which the disclosed fair value measurements are categorised in their entirety and a description of the valuation technique(s) and inputs used.

Description	Fair Value Hierarchy Level	Valuation Technique	Inputs Used
Accounts receivable and other debtors	3	Income approach using discounted cash flow	Market interest rates for similar assets
Land and building	3	Direct comparison method	Sales values for similar assets
Accounts payable and other payables	3	Income approach using discounted cash flow	Market interest rates for similar liabilities

There has been no change in the valuation technique(s) used to calculate the fair values disclosed in the financial statements.

30: Capital management

The Branch manages its capital to ensure that it will be able to continue as a going concern while maximising the return on investments. The Committee of Management ensure that the overall risk management strategy is in line with this objective. The capital structure of the entity consists of cash and cash equivalents and members' funds, comprising reserves and retained earnings. The Committee of Management effectively manages the Branch's capital by assessing the Branch's financial risk and responding to changes in these risks and in the market. These responses may include the consideration of debts levels. There have been no changes to the strategy adopted by Committee of Management to control capital of the entity since the previous year. No operations of the entity are subject to external imposed capital requirements.

AUSTRALASIAN MEAT INDUSTRY EMPLOYEES UNION VICTORIAN BRANCH
ABN 73 073 704 742

COMMITTEE OF MANAGEMENT STATEMENT

On 9 September 2020, the Executive on behalf of the Committee of Management of the Australasian Meat Industry Employees Union Victorian Branch passed the following resolution in relation to the general purpose financial report (GPFR) for the year ended 30 June 2020:

The Executive on behalf of the Committee of Management declares that in its opinion:

1. the financial statements and notes comply with Australian Accounting Standards;
2. the financial statements and notes comply with any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the Fair Work (Registered Organisations) Act 2009 (the RO Act);
3. the financial statements and notes give a true and fair view of the financial performance, financial position and cash flows of the reporting unit for the financial year to which they relate;
4. there are reasonable grounds to believe that the reporting unit will be able to pay its debts as and when they become due and payable;
5. during the financial year to which the GPFR relates and since the end of that year:
 - a. meetings of the committee of management were held in accordance with the rules of the organisation including the rules of the branch concerned; and
 - b. the financial affairs of the reporting unit have been managed in accordance with the rules of the organisation including the rules of a branch concerned; and
 - c. the financial records of the reporting unit have been kept and maintained in accordance with the RO Act; and
 - d. where the organisation consists of two or more reporting units, the financial records of the reporting unit have been kept, as far as practicable, in a manner consistent with each of the other reporting units of the organisation; and
 - e. where information has been sought in any request by a member of the reporting unit or Commissioner duly made under section 272 of the RO Act, that information has been provided to the member or Commissioner; and
 - f. where any order for inspection of financial records has been made by the Fair Work Commission under section 273 of the RO Act, there has been compliance

This declaration is made in accordance with a resolution of the Executive on behalf of the Committee of Management.

Signature of designated officer:

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF AUSTRALASIAN MEAT INDUSTRY EMPLOYEES UNION VICTORIAN BRANCH

Report on Audit of the Financial Report

Opinion

We have audited the financial report of the Australasian Meat Industry Employees Union Victorian Branch (the Branch), which comprises the statement of financial position as at 30 June 2020, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year ended 30 June 2020, notes to the financial statements, including a summary of significant accounting policies, the Committee of Management Statement and the subsection 255(2A) report.

In our opinion, the accompanying financial report presents fairly, in all material aspects, the financial position of the Australasian Meat Industry Employees Union Victorian Branch as at 30 June 2020, and its financial performance and its cash flows for the year ended on that date in accordance with:

- a) the Australian Accounting Standards; and
- b) any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the *Fair Work (Registered Organisations) Act 2009* (the RO Act).

The management's use of the going concern basis in the preparation of the financial statements of the Branch is appropriate.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

We are independent of the Branch in accordance with ethical requirements of the Accounting Professional and Ethical Standards Board's APES110 Code of Ethics for Professional Accountants (the "Code") that are relevant to our audit of the financial report in Australia. We have fulfilled our other ethical responsibilities in accordance with the Code.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF AUSTRALASIAN MEAT INDUSTRY EMPLOYEES UNION VICTORIAN BRANCH (Continued)

Information Other than the Financial Report and Auditor's Report Thereon

The Committee of Management is responsible for the other information. The other information obtained at the date of this auditor's report is in the Operating Report accompanying the financial report.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon. In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Committee of Management for the Financial Report

The Committee of Management of the Branch is responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the RO Act, and for such internal control as the Committee of Management determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Committee of Management is responsible for assessing the Branch's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Committee of Management either intend to liquidate the Branch or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibility for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF AUSTRALASIAN MEAT INDUSTRY EMPLOYEES UNION VICTORIAN BRANCH (Continued)

Auditor 's responsibility for the audit of the financial report (Continued)

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Branch's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Committee of Management.
- Conclude on the appropriateness of the Committee of Management s' use of the going concern basis of accounting in the preparation of the financial report. We also conclude, based on the audit evidence obtained, whether a material uncertainty exists related to events and conditions that may cast significant doubt on the Branch's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in the auditor's report to the disclosures in the financial report about the material uncertainty or, if such disclosures are inadequate, to modify the opinion on the financial report. However, future events or conditions may cause the Branch to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Branch to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the Branch's audit. We remain solely responsible for our audit opinion.
